Country Fair Exhibits

Discussed with the NIS Committee members the possibility of their attending one of the Country Fair Exhibits which are given periodically in the R&S Building. It might be possible to have an early brief NIS Committee meeting, say from 9 to 9:45, and then all the members could move over to the R&S Building for an hour or so for the exhibit. See if this can be done on a day when both the NIS Committee and the exhibit are scheduled.
